Here are two great reasons to advertise in the MindFreedom Journal:

1. UNIQUE OUTREACH!

You reach thousands of people concerned about human rights and alternatives in the mental health system. The MindFreedom Journal's estimated readership is 10,000. Many readers are leaders of organizations that are changing mental health care. MindFreedom's database is one of the largest in the world of independent-minded people and groups who support a nonviolent revolution in the mental health system. This community is difficult or impossible to reach in any other way. The MindFreedom Journal is mailed to thousands, as well as handed out for free in many of the key annual conferences and other events in our field.

2. SUPPORT CHANGE IN MENTAL HEALTH!

Your ad directly supports the publishing of this important journal – a journal that has been in print since 1986. You show that you believe in human rights and alternatives in mental health care. You help keep MindFreedom independent. Be part of making history!
